1. Chapter 1

Well, it looks like Rise of the Guardians won... sorry How to Train Your Dragon fans...but don't worry! I'll get to it soon!

So! Here we go!

[A/N: I am looking for a Beta reader for a PJO story called The Story of Sky; which is basically a story about how 'I' or Sky came to be! PM for more details!]

It had been almost three years since her brother died. Yet Emma Overland couldn't help but stop by the lake where the accident had happened. She only came on the anniversary of his death, but the wounds were still sharp and clear. As she couldn't help but wondering if Jackson was in heaven, since he had always been there for her; there was a strange black light, and Emma fell unconscious, and the whole settlement of Burgess along with her.

* * *

><p>Jack Frost couldn't believe it. even after all the fun he had jut had with the young boy Jaime and his friends, they STILL couldn't see him. no one could...<p>

He knew he should have gotten used to it, after 300 years, but still!

Jack was so deep in thought, he didn't even notice when a black flash knocked him, and all the children of Burgess along with him.

* * *

><p>The four Guardians were debating how to bring Jack Frost to the North Pole when they were knocked unconscious by the black light.<p>

* * *

><p>Everyone woke up in a strange room, that looked like a movie theater with bean-bag chairs. the front row only had three, a light blue one decorated with frost and snowflakes, a mossy green one with leaf designs, and a raven black one with star designs.<p>

"HI!" everyone jumped as a voice suddenly cam from above. they looked up, and saw a young girl, around 12 or 13 hovering over them. her raven hair was tied up into a ponytail, and she wore a black shirt and black pants. the shirt had star designs, and on the pant's left leg was a stitched rose. next to her were two...dragons? a sleek black one with forest green eyes, and a white chicken like one with yellow eyes. also next to the girl, was a strange white creature with a single blue horn, and on her shoulder sat a black and yellow squirrely thing.

the girl floated down and said "Hello! My name is Skystar901, but please call me Sky. I am the leader of the Fate Changers, and I am also your host today." she bowed deeply.

"And these are my pets!" she pointed at the black dragon "ShadowWing the Night-Fury" she pointed at the white dragon "SnowFire the Deadly Nadder" she pointed at the white thing "Star the Absol" she nodded at the Flying Squirrel "And Sun, my Emolga!"

She had reached the floor at this point, and kept talking "I have brought you here to watch a movie, for those of you who do not know what a movie is, think of it as a series of moving pictures, with sound. she waved her hand, and everyone was somehow teleported to a bean-bag chair, although most of them moved around, and stood up as quickly as they could.

Sky had dissapeared, but her voice could be heard. "So, without further ado" she said dramatically "I present unto you...Rise of the Guardians!"

* * *

><p>Ok, I'll do some introductions next chapter, and then the movie! Now that I have some practice, I hope that this one will be better. also, this movie has other Watching the Movie fics, so I'll be able to get ideas from reviews that people have...reviewed.

anyway!

Until Next Time Folks!

(If you wish to join the Fate Changers, PM me for info!)

2. Chapter 2

**This chapter is introduction only, sorry guys! I'm still working on

the actual movie part, I'm hoping to get it all written out, and then add it all in in one fell swoop, like I did for Mulan**

* * *

><p>As Skystar901 or 'Sky' disappeared, Jack Frost was the first one to speak; and he aimed his speech towards the Guardians; since he figured they were the only ones who could see him "So...you guys saw that too...right?" but they didn't hear him, as they were now debating on what they should do, and where they were.<p>

Jack shook his head, and walked back over to the blue bean-bag chair with the snowflake designs, and flopped into it, not realizing that everyone in the room (minus the Guardians obviously) was staring at him.

* * *

><p>"I bet tha' girl isa witch!" Bunny said, waving his paw at where 'Sky' had disappeared "How else, could she a' controlled those beasts, and then dissapeared li'e tha'!" he threw his paw down and said "Ah say we get outta here, an quick"<p>

"Bunny" Tooth hissed "Enough" North sighed and shook his head "for vonce, I agree with you Bunny, Ve must get out of here...I can feel it...In my belly!" he grabbed his belly to emphasize his point, and several of the Mini-Teeth flew closer to his stomach to examine it.

* * *

><p>Emma Overland (Jack's Sister btw) stared in shock at the white haired boy who looked, and sounded exactly like her brother! But that was impossible, since Jackson had drowned in the lake three years ago. she turned, and quickly walked over to her mother and whispered "Mama, could it be?" hope filled her voice

"I don't know Emma, I just don't know." Her mother replied, shaking her head, and staring in wonder at the white-haired teen who was now twirling a wooden staff.

Emma stared at the boy, and then, she felt a tug at her leg! she looked down, and realized that Sun, the Emolga or whatever, was tugging at her leg, and pointing next to the white-haired boy. Emma tilted her head, but decided to follow the creature when it took a few steps forward. Sun smiled and called out "Emo, emo" and kept walking back towards the front row of chairs. Emma followed it, and when it jumped into the air, and landed on the forest green bean-bag chair, it stopped and waved at her "Mo, Emolga!" it sang, Emma laughed and when she reached it, she knelt down and said "You are just so cute! So, why do you want me up here?" Sun just smiled, winked, and jumped into the air, landing on the white haired boy's shoulder.

* * *

><p>When the Emolga landed on his shoulder, Jack had been thinking about the town, and how warm it was in here, and pretty much everything, so when the creature landed on his shoulder, he jumped up with a "Gha!" and stared at the thing, which just laughed, and

pointed to the young brown haired girl who was...wait...it couldn't be...she was staring straight at him! she could...she could...see him!<p>

Jack Frost stared at the girl, and then whispered "c...can you...can you see me?" he stared at her, hope in his icicle blue eyes

the girl's mouth was open slightly, and the only thing she could do was nod

Jack's heart practicly stopped "She see's me" he whispered, he was so happy, he laughed and did a backflip, and hardly noticed when a rain of snow began falling in the room.

Emma stared. this boy looked, sounded, and laughed exactly like her brother

"W...who are you?" she whispered

"I'm Jack Frost" he said, thumping his chest with mock pride...well mostly mock pride. there was definitely some real pride in his voice.

"I'm Emma" she smiled, and sat back down in the forest green bean-bag chair, and Jack sat back in his blue chair, beaming as the screen began to flicker to life, signaling the start of the movie.

Ok next chapter is the REAL first chunk of the movie!

3. Chapter 3

(AN: I found a reliable script, that has actual 'what is going on' so hopefully this will turn out better than Mulan did *shudders*)

As the movie flickered to life, everyone found a seat, and stared up at it.

Jack (V.O.): Darkness...

Everyone from the 1700 jumped, and stared around the room, trying to figure out where Jackson's voice had come from.

"Calm down" Sky suddenly appeared in the black bean-bag chair, holding a remote "That's supposed to happen, It's alright, there are no ghosts here, I swear" she clicked a button and the movie resumed.

Jack (V.O.): That's the first thing I remember.

"Um..." Jack Frost spoke up "I remember that, yes, but I'm pretty sure I didn't say that..." he stopped when a random piece of popcorn 'accidentally' hit him in the head.

Jack (V.O.): It was dark, and it was cold. And I was scared.

**The silhouette of a body appears as it drifts into a ray of light, refracted through water, which turns into...**

A MOON - SEEN IN REFLECTION ON A SHEET OF ICE

**The moonlight intensifies almost magically, and the ice above begins to spider-web and crack.**

**EXT. FROZEN POND - NIGHT **

**Snow-covered trees in every direction. The ice in the pond continues to crack, until finally a hole splinters open. A young man floats out of the water, bathed in the intense moonlight. This is ****JACK FROST**_** - thin, pale, barefoot, his tousled hair frosted white.**_

Mrs. Overland gasped _It...it can't be_ but it had to be. this boy was wearing the same clothes as her son, the day he had died.

**JACK (V.O.) But then...then I saw the moon. It was so big and it was so bright, and it seemed to chase the darkness away. And when it did...I wasn't scared anymore. **

_Jack floats back down onto the ice as the hole closes up underneath him. _

**JACK (V.O.) Why I was there, and what I was meant to do - that I've never known. And a part of me wonders if I ever will. **

Tooth smiled and whispered to North "Well, at least he'll be a Guardian soon!" North nodded in agreement.

**Jack looks around, confused, then turns toward the moonlight as it dims a bit. **

**Jack carefully treads across the ice until he hits something with his feet. He looks down, and at his feet is a wooden staff. Curious, he picks it up. Almost immediately the staff begins to glow a cold blue in his hands. Odd.**

"What's wrong with your stick?" Jaime spoke up from a few rows back

Jack turned and grinned cheekily "Ok, first of all, it's a staff. second, watch and learn kid" he pointed to the screen as...

Jack almost drops it as the base of the staff comes in contact with the ground. Frost shoots out and spreads across the ice. Jack is visibly confused. He touches a few trees with his staff sending frost up their trunks. Then he swings the staff again, more confident, as he begins to run across the frozen swing, and a gust of wind swirls him high up into the air. Jack floats for a moment only to fall back down to earth and into the trees. Jack grabs hold of a tree branch and pulls himself up to see a small town off in the distance.

"AWESOME!" almost every kid in the room shouts (minus Sky)

**EXT. BURGESS SETTLEMENT - TOWN CENTER - CONTINUOUS **

**_A collection of simple timber houses with thatched roofs. Jack comes in for a landing, and it's a rocky one. He stands up, still

elated, and brushes himself off. As Jack makes his way into town, settlers are warming their hands by campfire. Jack doesn't recognize anyone. _**

**JACK (to the townsfolk) Hello. Hello. Good evening, ma'am. (BEAT) Ma'am? **

**The settlers walk past Jack, not noticing him. Jack crouches down as a YOUNG BOY runs toward him. **

Emma giggled slightly as she saw herself talking to Mr. Bennet. (Jaime's great great great great great grandady or something)

**JACK Oh, ah, excuse me, can you tell me where I am? **

**The boy runs right through Jack, as if he were a ghost. Jack staggers back in shock. He's speechless, as if the wind had been knocked out him. His emotions causing it to snow. **

"Oh my tooth" Tooth gasped, hands flying to her mouth

"What's going on?" Emma asked, panic creeping into her voice "Why did Charles run right through him?"

Sky sighed "Because they don't believe he is real, they cannot see him..." she shook her head, and turned to look at Jack, who had pulled his hood over his head, and had shoved his hands into his pockets.

**JACK Hello! Hello! **

**Townsfolk continue to pass through Jack, unaware of his presence. Shaken, Jack turns and retreats into the forest.**

**JACK (V.O.) My name is Jack Frost - how do I know that? The moon told me so. But that was all he ever told me. And that was a long, long time ago. **

**We pan up as the moon shines down over the snow covered trees.**

* * *

><p>What do you think? I for one like it WAY better than Mulan!
**

4. Chapter 4

I forgot to say this last chapter so I'll say it now, thanks to everyone who is following and favoriting this story, and especially thanks to PhGim.7 for his/her 'motivating' comment/PMs they helped me get these couple of chapters out!

NORTH Yes!

**North's hand grabs a cookie from a plate held up by the two Elves. One of the elves gives his cohort a look and points to the plate as it chews with a mouth full of food, to which it then unfurls its tongue and lets the half eaten morsels spill out onto the plate. **

NORTH Ah, finally!

He takes a bite and leans toward the ice track.

"EW" most of the children said, disgust on their faces. No wonder Santa loved the cookies they left out. they weren't covered in Elf drool! _Not that he seemed to notice anyway_

**A group of elves step forward gleefully pointing to themselves, as if they're all "Dingle". The excitement quickly turns to confusion.**

Jack frowned "How many of them are named Dingle?"

North shrugged "Who knows?"

"Didn't you name them?" Sky asked, turning to stare at the Russian man

5. Chapter 5

Ok, here we go; Ready to meet the guardians?

(if you aren't, well then tough luck to you]

* * *

><p>INT. CHILD'S BEDROOM - NIGHT _**A little fairy, carrying a coin, flies above the head of a sleeping child. She quickly ducks under the pillow and comes out the other side with a tooth in hand.**_

"I thought the Tooth-Fairy was bigger than that" said Pippa in confusion

"I am" Tooth said "That's one of my helper fairies"

"oh" Pippa said

EXT. TOOTH'S PALACE - DAY **_Hundreds of fairies fly toward a hollowed out mountain, this is Tooth's palace and it's a majestic site. **_

"Pretty!" Sophie laughs, clapping her hands and jumping up and down, her little fairy wings bouncing with her

"Aw, thanks little one" the real Tooth says happily

INT. TOOTH'S PALACE **_Dozens of tiny **_**FAIRIES**_** flit about. Teeth are filed away in tiny wooden drawers. Coins are handed out. **_

**TOOTH (O.S.) Chicago, Sector 6 - 37 molars, 22 bicuspids, 18 central incisors. Moscow, Sector 9 - 22 incisors, 18 premolars: Uh oh, heavy rain advisory! (BEAT) Des Moines, we've got a cuspid at 23 Maple. Head out! **

**A hive of activity, and at the center a winged figure barks out orders like a harried air-traffic controller. **

**This is ****TOOTH.**_** A Mini Tooth Fairy flies up to Tooth as thousands of tiny **_**MINI TOOTH FAIRIES**_** continue their work behind them. **_

TOOTH (O.S.) Wait!

Everyone froze (well, everyone minus Sky) what was it? was it that sand stuff?

**And suddenly everything stops. Tooth whips around, and we finally see her beautiful ****FACE. **_**She's holding up a little tooth, and gazing at it with dreamy adoration. The surrounding fairies tweet with excitement. **_

**TOOTH (CONT'D) It's her first tooth. Have you ever seen a more adorable lateral incisor in all of your life?! (GASPS) Look how she flossed! **

Everyone (again, minus Sky) relaxed with a sigh

"Tooth, you had us vorried vor moment there, vhy vould you put all attention on tooth? is no sense" North said, muttering the last part to himself.

Tooth just fluttered her wings, and blushed slightly

**The fairies' tweets turn to concern, turning Tooth's attention to North's ****AURORA SIGNAL**_** stretching across the sky. She gasps, and flies off like a rocket toward the source of the signal, accompanied by a few of her ranking fairies.**_

**NORTH (V.O.) My fellow Guardians - It is our job to watch over the children of the world, and keep them safe - to bring wonder, hope and dreams. And so, I've called us all here for one reason, and one reason only - the children are in danger. **

**Much of this we hear over the following... **

EXT./INT. CHILD'S BEDROOM **_We pull out from the face of a

sleeping child to reveal a stream of sand swirling overhead. It's a dream and it's taken the shape of a child playing soccer. **_

"It's the sand-man" "sandman!" the twins say excitedly

Sandy makes a hat out of sand, and tips it at them (like he does later in the movie)

_**We **_**FOLLOW**_** the Dreamsand stream out his window and up into the sky where we see **_**DOZENS**_** of strands of sand descending to earth. Keep following up, through majestic **_**CLOUDS**_**... ...to reveal a small, **_**GLOWING GOLDEN CLOUD**_** of Dreamsand shimmering among the clouds, trailing the golden threads. The strands are being controlled by a small portly figure, **_**THE SANDMAN**_**. Suddenly, North's emergency signal zips by. The Sandman turns to look and his eyes narrow, visibly concerned. Sandy closes his eyes and in an instant the Dreamsand cloud suddenly**_** SWIRLS**_** around him, changing form into a small **_**BIPLANE, ****_with Sandy in the cockpit. He_**** BARREL ROLLS**_** the plane into a dizzying dive through the spectacular cloudscape and flies off into the distance. **_

NORTH (V.O.)_** An enemy we have kept at bay for centuries has finally decided to strike back. We alone can stop him. **_

**Much of this we hear over the following..**.

INT. EGG TUNNEL **_A few **_**EASTER EGGS**_** pop up out of the ground; their little legs carry them out of the way of a fast approaching object. Speeding along through a subterranean tunnel, we can barely keep up with a**_** DIMLY-LIT FIGURE**_** as it races at blinding speed, leaping and zigzagging through a series of **_**TUNNELS**_** - **_

"BUNNY!" Sophie practically screamed in excitment, and she began doing her 'bunny dance' where she hopped around everything, while waving her arms like wings "Bunny, Bunny, hop hop hop!"

EXT. A SNOWY EXPANSE IN THE NORTH POLE **_A hole opens in the snow, and a pair of rabbit ears pops out. A huge rabbit climbs out and brushes off the snow, annoyed. The six foot tall figure is _****BUNNYMUND. **

"whoa" most of the kids said. the Easter Bunny was HUGE!

**BUNNYMUND Ah, it's freezing. **

He shivers with cold, then goes slogging through the snow.

BUNNYMUND (CONT'D) **I can't feel my feet! I can't feel my feet! **

Everyone laughed at this, even Bunny himself gave a small chuckle

In the distance is North's ornately decorated and dimly lit palace built into the side of a mountain of ice.

As the movie paused, Sky turned to Bunny "I have to ask. How come you

didn't just take a tunnel straight INTO the workshop? It would have saved you frozen feet, and a huge embarasment" she giggled at his expression which was a mix between shock, anger, and confusion

* * *

><p>What do you guys think? too fast, too slow, not enough commentary?

6. Chapter 6

Ok, here is the next chapter, hope you guys like it!

(also, responding to a review I got, I made this a much longer chunk then I originally planned it to be)

* * *

><p>INT. GLOBE ROOM - NIGHT

**_Sandy's biplane circles the massive chamber, leaving trails of Dreamsand._ **

NORTH (O.S.) Cookies? Eggnog, anyone?

"Crikey mate, you know Sandy's the only one who can stand that stuff" Bunny protested

**BUNNYMUND (O.S.) Oh, this better be good, North. **

**TOOTH (O.S.) (to her fairies) Montreal, sector six: ten premolars, eight incisors and twelve clear of the wild goose migration. **

"Do you ever stop?" Jack called to Tooth "I mean really, take a break, have some fun!" he mockingly threw a snowball at her (he created it first, obviously)

Tooth just blushed, which was clearly visible over her green face feathers

**NORTH Sandy, thank you for coming. **

**_Sandy descends from the plane and floats to the ground. He joins North, Bunny and Tooth as they walk through the Globe Room. Sand glyphs appear above Sandy's head communicating that he is busy and has a lot of work to do._ **

NORTH (TO SANDY) I know, I know, but I obviously wouldn't have called you all here unless it was serious.

** North, Bunny, Tooth and Sandy reach the center of the room. Tooth does her best to shush her mini-fairies.**

** NORTH (CONT'D) The Boogie Man was here - at the Pole. **

**_North points to the globe. The other Guardians turn to look._ **

"So...the black sand-shadow was the Boogieman?" Jaime asked, turning

to look at the Guardians

North nodded, stroking his beard thoughtfully "It vas" he said

**TOOTH (SHOCKED) Pitch? Pitch Black? Here?! **

NORTH Yes! There was black sand covering the globe.

** BUNNYMUND (CONFUSED) What, what...what do you mean black sand? **

**NORTH And then a shadow! **

BUNNYMUND Hold on, hold on, I thought you said you saw Pitch.

** NORTH Well, ah, not exactly... **

Jack laughed "Aw man, I wish I had a video-camera right now, because I would watch this scene everyday!"

BUNNYMUND Not exactly? Can you believe this guy?

** Bunny turns to Sandy, who shrugs while forming a Dreamsand question mark above his head.**

** BUNNYMUND Yeah, you said it, Sandy. **

**_Bunny goes back to painting one of his Easter eggs._ **

Jack threw another snowball at the Guardians, but this one 'accidentally' hit Bunny who glared at Jack, but when he tried to leap at the albino, he was hit by something hard and black. When he could see again, he realized that the black dragon/beast/thing had jumped on him, and was now snarling, showing some very, VERY sharp teeth.

Bunny's ears flew back, and his eyes widened in fear

"Shadow-Wing!" Sky's voice cut through the growls, and the said dragon suddenly transformed from an evil, killing machine, to a puppy who just peed on the carpet. the dragonette shyly murmed something, but Sky cut the beast off

"Enough, you know better than to attack our guests, now, as punishment...well you know what you have to do." she pointed towards the ceiling "GO GET EM" she shouted

the dragonette flared her wings, and leaped into the air, practically dissolving into the shadows.

"Where did she go?" Emma asked curiously

"Oh, you'll find out later" Sky said evilly, with a smirk that could rival Pitch Black's

"Now, back to the movie, before I decide to let her back in" she muttered

**NORTH Look, he is up to something very bad. I feel it, in my belly.

**

**BUNNYMUND (his eyes narrow) Hang on, hang on, you mean to say, you summoned me here THREE DAYS BEFORE EASTER - because of your belly? Mate, if I did this to you three days before Christmas- **

TOOTH (to her fairies) Argentina. Priority alert! A batch of bicuspids in Buenos Aires.

** NORTH Please. Bunny. Easter is not Christmas. **

**BUNNYMUND Here we go... **

"Why do you guys argue so much?" Pippa asked "Shouldn't you guys be focusing on the shadowy stuff?"

North nodded his head towards her as he turned to Sandy "I like this girl, she is on Nice list for sure!"

Pippa beamed.

**_North grabs Bunny's painted egg, casually juggling it in his hand as he walks off. Meanwhile Sandy, who is being served eggnog by a yeti, suddenly notices something high above._ **

"What's he looking at?" Clemont (some kid from the past idk real names so I made some up) asked

**BUNNYMUND (O.S.) (LAUGHS) North, I, I don't have time for this. I've still got two million eggs to finish up. **

**_The moon rises into view, high up in the ceiling; its rays of light begin to shine brightly through as they cascade down the walls of the globe room._ **

"oh" he said quietly, while his sister Bonnie* patted his leg

**NORTH (O.S.) No matter how much you paint, is still egg! **

** Sandy points to the moon unsuccessfully to get the others' attention.**

** BUNNYMUND Look, mate, I'm dealing with perishables. Right. You've got all year to prepare. **

TOOTH (to her fairies) Pittsburg, boy eight, two molars. Saltwater taffy.

** Sandy puts his fingers in his mouth to whistle, a silent musical note forming above his head.**

"Poor Sandman" Jaime said quietly

** NORTH (TO BUNNY) Why are rabbits always so nervous.**

** BUNNYMUND And why are you always such a blowhard! **

**TOOTH (O.S.) (to her fairies) Ontario, sector nine: five canines, two molars, and fourteen incisors. Is that all in one house? **

"Was there a fight or something?" Asher asked

Tooth shrugged "I have no clue, I can only sense the teeth, I can't tell how the children lost them until I see the actual teeth" she explained

**Sandy waves a sand flag above his head, pointing and jumping up and down as the moonlight continues to fill the room.**

** NORTH (turning his attention) Tooth! Can't you see we're trying to argue. **

**TOOTH Sorry, not all of us get to work one night a year. Am I right, Sandy? **

**_Sandy tries to signal with a golden arrow, pointing toward the ceiling, but to no avail as the others continue their bickering. Sandy thinks Tooth has noticed for a split second, but then -_ **

**TOOTH (to her fairies) San Diego, sector two! Five incisors, a bicuspid and a really loose molar on stand-by. **

"Oh come on already! none of you have noticed yet?" Jack stared at the Guardians with a mix of wonder, amazment, anger, and confusion "what is wrong with you?" (he added that last part to himself)

**BUNNYMUND (MOCKING) Come on, mate, Pitch went out with the dark ages. We made sure of that - remember? **

NORTH (O.S.) I know it was him. We have serious situation!

**BUNNYMUND (O.S.) Well, I've got a serious situation with some eggs. **

**TOOTH (O.S.) Hey, I hate to interrupt the, "We work so hard once a year club" but could we concentrate on the matter- **

Sandy can't take it anymore, grabs an elf by his hat, and vigorously shakes it's bell. The other Guardians are finally silenced and all turn to look at Sandy, who points up, a sand crescent moon forming above his head. The dizzy elf staggers away. Finally the others turn to see the shaft of moonlight as it concentrates on the circle between them.

There would have been some comments here, but everyone was too busy laughing their lunches up (as in so hard they might puke)

** NORTH Aah! Man in Moon! Sandy, why didn't you say something? **

Que more laughter

**_Sandy gives him a deadpan stare, Dreamsand smoke shoots out his ears._ **

"Something tells me you don't want to make him angry" May Waterflower

said, and her younger brother Maximus agreed

**NORTH (to Man in Moon) It's been a long time old friend! What is big news? **

**_Everyone looks to the center of the intense spot of moonlight, the light ebbs away, leaving a dark spot - - which resolves into the shadowed silhouette of PITCH. The Guardians look on, stunned._ **

**BUNNYMUND It is Pitch. **

"Um, I thought we knew that already?" Jaime asked

**North pats his belly and gives Bunny a look.**

** NORTH (back up to the moon) Manny...what must we do? **

** In answer, the shadow of Pitch disappears and the circle of moonlight intensifies and SHRINKS, concentrating further illuminating an ORNATE SYMBOL on the floor, at the center of their circle. The symbol rises out of the ground revealing a large gem at the head of a pillar.**

** TOOTH Ah, guys, you know what this means? **

"No, we don't so please tell us" Jack said, his voice practically oozing with sarcasm

**_The moons light suddenly refracts through the gem casting light all over the chamber._ **

**NORTH (AWED) He's choosing a new Guardian. **

**BUNNYMUND What?! Why? **

**NORTH Must be big deal! Manny thinks we need help! **

**BUNNYMUND (ANNOYED) Since when do we need help?! **

**TOOTH I wonder who it's gonna be? **

**_A Dreamsand Four-Leaf clover forms above Sandy's head._ **

TOOTH (CONT'D) Maybe the Leprechaun?

** BUNNYMUND Please not the groundhog, please not the groundhog.**

"What's up with you and the Groundhog?" Sky asked, turning to him

"Lets just say Rabbits and Groundhogs don't mix" he muttered darkly

Sky nodded, and turned back with an "ah"

** Then A BRIGHT FLASH, a rush of WIND - and a FIGURE resolves over the central pillar: slight, hooded, bearing a familiar hooked

STAFF.**

** NORTH Jack Frost. **

"whoa, whoa what!" Jack yelled, jumping up "No way, no how, I refuse, There is no way I am becoming a Guardian!"

**_The Mini-Teeth all sigh and swoon as the Guardians stand there, stunned._ **

**BUNNYMUND Ah, I take it back! The Groundhog's fine! **

"For once, I agree with the Kangaroo" Jack growled, sitting back down, but only after Snow-Fire and Star 'persuaded' him with their teeth.

Bunny nodded happily, then, realizing what Jack had said said "Wait...what?"

TOOTH (caught admiring Jack) Well, ah, as long he helps to ah...to protect the children, right?

** BUNNYMUND Jack Frost!? He doesn't care about children! All he does is freeze water pipes and mess with my egg hunts. Right? He's an irresponsible, selfish... **

Jack snorted "You ever hear of a 'Snow Day'? he asked the rabbit "I know it's no hard boiled egg, but kids like what I do"

before Jack and Bunny could argue more, the next words from the screen stopped them both cold.

**NORTH Guardian. **

**This stops Bunnymund in his tracks.**

This stops Bunnymund in his tracks, as he glared at the white-haired boy

** BUNNYMUND Jack Frost is many things, but he is not a Guardian.**

** As we turn toward the face of the hooded figure.**

* * *

><p>I think that is the longest chapter I have written...EVER! Heck, it might be all the chapters of 'When Darkness Rules' combined! (of course that one is a little crazy at the moment, but trust me, it will make sense later)
**

Anywho, was this long enough for you guys? I hope it was, as it took most of my day to make this.

***If you can guess where I got the 1712 kid's names from, I will give you a virtual hug!**

Also, I am not going to say where Shadow-Wing went JUST yet! But her punishment shall be revealed in due time!

7. Chapter 7

Hey guys! Sorry I haven't updated in so long, things have been crazy, my family was sick, I was sick (a few days after they got better) but, since you were all so patient (I didn't get a single UPDATE ALREADY review) I have an extra long chapter for you!

(I also forgot this in previous chapters The Rise of the Guardians its characters and its script do not belong to me, they belong to Dreamworks animations!)

><p>SEQ. 600 - SNOWBALL FIGHT

EXT. ST. PETERSBURG - NIGHT **_A hooded figure with a familiar looking staff rests atop a Post Office box on the opposite end of the street. The man touches the staff to the ground, sending a streak of frost across the street._ **

A RUSSIAN BOY _approaches a water fountain, turns the handle and moves in for a sip. But as he does, the water freezes magically, and the boy's tongue is stuck to the frozen water. His friends can't help but laugh. _

**_R__USSIAN BOY (tongue stuck to frozen ICE)__ Aahhhhh...!
_**

Tooth's wings fluttered angrily and she called out "Jack Frost!" she flew over to him, and hovered right in his face "What do you have to say for yourself?"

Jack threw his hands up, his staff resting between his legs and said defensively "It'll thaw!"

Tooth rubbed the bridge of her nose before slowly flying back to her seat so the movie could continue.

A mail man walks across the street and a PATCH OF ICE _magically appears under his feet. He scrambles, and _BOOM!_ - lands on his butt. _

Several children (Sky included) laughed at this

**_Just behind the man, we see the_ TRAIL OF FROST _climb up the side of a building. We stay on the frost as it moves up along a rain pipe, and through the windows we see..._ **

"That's so pretty!" Emma said quietly, and her mother looked at her surprised. Emma had hardly spoken since the incedent, but it seemed like she was opening up to this 'Jack Frost' person.

**_A boy try to feed his gold fish, but a layer of ice suddenly forms along the water surface and prevents the fish from reaching its food. We move along the side of the building... A writer in his study sits next to stacks of papers. The window suddenly swings open and a gust of wind sends the pages flying out the window. We move along the building, across clothes lines and power lines as they freeze. We continue to move up, and finally discover the culprit. Jack Frost

makes his way atop a cathedral spire and takes in the view; the full moon bathes the city in moonlight._ **

**JACK (AMUSED) Ah, now that, that was fun. (BEAT) Hey wind...
**

"Why are you talking to the wind?" Jaime asked

Jack grinned, and threw a snowflake, using the wind to make it dance before Jaime's eyes

**_Jack chuckles as he calls the wind. The trees begin to sway and leaves fly into the air. Jack grabs hold of the spire, smiling as the wind blows past._ **

**JACK Take me home! **

**_Jack lets go and the wind carries him into the air and through the clouds. Night turns to day as Jack flies from one horizon to the other._ **

**JACK Wooooohoooooooooo! **

"You can fly!" Jaime said excitedly, turning towards where Jack was...no longer sitting?

"I sure can!" Jack said from behind Jaime, who jumped out of his seat, but began laughing when he realized that the white-haired spirit was floating behind and above him!

"How come I've never heard of you before?" Jaime asked

Jack floated back down, suddenly looking very sad. he muttered "No one has ever seen me" before he walked back to his seat. a few snowflakes drifting around him, and frost coming out of his trailing staff.

**EXT. BURGESS - DAY **

**_Jack falls through the clouds, smiling, toward the town of Burgess._ **

**JACK SNOOOOOWWWW DAAAAYYYYYY! **

**_Jack continues on down and zooms through the streets. Pedestrians clench their jackets and reach for their hats as gusts of wind, snow, and streaks of frost are left in Jack's wake._ **

**EXT. FROZEN POND J_ack flies in, and with the wind behind him skates across an all too familiar pond. As the wind zips across the pond it knocks a_ BOOK _out of the hands of a little boy walking alone, this is_ JAMIE. **

"I'm sorry I didn't see you" Jaime said quietly "But, I totally believe in you now!" he added perking up and smiling

Jack grinned and said "Just wait kid, It's gonna be a snow week when we get back!"

**JAMIE Whoa, whoa. **

**_Jamie goes to pick up the book and we get a glimpse of the cover_ - "THEY'RE OUT THERE! - MYSTERIES, MYTHICAL CREATURES AND THE UNEXPLAINED PHENOMENA." **

Mrs. Bennet sighed. her son's obsession with the mythical world was suddenly making sense now that she was here, but that didn't mean she had to like it all too well.

**Jack flies into frame and lands beside Jamie.**

** JACK Huh, that looks interesting. Good book?**

_ Suddenly twins_ CLAUDE _and_ CALEB, _come barreling past them, rough-housing and laughing as they slam each other into drifts (all the boys are 8). _

**CLAUDE AND CALEB Alright! Yeah! Waahoo! Snooow daaaay! **

**_Jack calls after the boys..._ **

**JACK You're welcome! **

All the modern-day children suddenly developed a very high interest in their feet, and were about to say something, when a loud THUMP shook the building, and a black blur flew in from the roof.

It was Shadow-Wing. she had finally returned

Sky ran over, and hovered so that she was directly in front of the sitting dragon "Well?" she asked.

The beast made a warbling sound, and tossed a bag at Sky, who caught it peeked inside, and grinned "Thanks!"

She landed and went back to her seat, but not before she said "Your punishment is almost over, go do the last half, and I'll see you in a bit"

the dragon nodded, and flew back up towards the roof, and was lost in the shadows

JAMIE (goes running after them) Hey guys, wait up! Are you guys coming to the egg hunt Sunday?

** CALEB Yeah, free candy!**

** CLAUDE I hope we can find the eggs with all this snow!
**

**_Caleb stuffs a handful of snow down his brother's Jacket_
**

**EXT. JAMIE'S BACKYARD - DAY **

**_The kids arrive at the fence of Jamie's house. Jamie opens up a secret plank, and heads into his yard. Claude and Caleb are still messing with each other. Meanwhile, Jack walks unseen along the top of the fence._ **

Mrs. Bennet stiffened, remembering this event all too well.

CALEB (WALLA) Stop!

** CLAUDE (WALLA) No, you stop! **

JAMIE Whoa, it says here that they found Big Foot hair samples and DNA, in Michigan. That's like, super close!

** CLAUDE Here we go again. **

**J_amie arrives at his front gate, sled in hand while _SOPHIE_ (Jamie's 2-year-old sister in fairy wings) sits down on their Greyhound as it lies in the yard._ **

**JAMIE You saw the video too Claude, he's out there! **

**CALEB That's what you said about aliens. **

CLAUDE And the Easter Bunny.

** JAMIE (grabs his sled) Wow, the Easter Bunny is real! **

Jack tossed a grin over his shoulder to the Easter Kangaroo, and said "Oh, he's real alright. Real annoying, real grumpy, and REALLY full of himself"

**JACK Oh he's real alright. Real annoying, real grumpy, and really full of himself. **

Jack grinned at the screen, while almost everyone else stared at him with either a smile, a frown, or, in Bunny's case, a scowl

**_Jack hops off the fence and walks amongst the kids, peering over their shoulders as they play in the yard._ **

CLAUDE (LAUGHING) Come on, you guys believe anything

SOPHIE (GIGGLES) EASTER BUNNY! HOP-HOP-HOP! (FALLS OVER)Ow!

**_ Sophie begins to cry._ **

JAMIE Mom! Sophie fell again!

** JAMIE'S MOM comes outside. **

**Caleb, alongside his brother, stands at the front gate and calls out to Jamie. **

** JAMIE'S MOM You okay, Soph? **

**CLAUDE Are we sledding or what? **

JAMIE'S MOM Jamie, hat? We don't want Jack Frost nipping at your nose.

Jack's smiled dropped, and he scowled, lifting his hood over his head, and blocking most of his face. he HATED that expression. why did people think all he could do was bite their noses?

**_ Jamie's mom plunks the hat on his head, tweaks his nose._ **

**JAMIE Who's Jack Frost? **

JAMIE'S MOM No one, honey. It's just an expression.

** JACK (smile drops - offended) Hey. **

**_Jack jumps down from the fence as the boys head off._ **

**JACK (MIFFED) Who's Jack Frost? **

**_Jack reaches down and grabs a hand full of snow from off the ground. With his palm open, Jack uses his magic to form the perfect snowball. He then puckers his lips, and blows onto it with his icy breath. The snowball turns a light shade of blue. There's something going on here._ **

"Vhat are you doing Jack?" North asked, truly curious. he had never seen anything like this, and wanted to know what was going on

**EXT. SNOWY HILL WHOOSH! - **

**the snowball goes flying through the air and - BOOF! - the snowball hits Jamie smack in the back of the head. Jamie looks up, peeved, and turns. Then we watch as his face changes...a mischievous sparkle comes into his eyes. A big smile. Make no mistake, something magical has just happened.**

"Good aim" Sky commented, still clutching the bag that Shadow-Wing had given her.

** JAMIE (LAUGHING) Okay, who threw that? **

**Jack flies in and lands amongst the group of kids. **

JACK Well, wasn't bigfoot kiddo.

**_ Jamie scans the horizon for the culprit. His eyes land on a couple kids making snow barricades. _MONTY_ (oddball with big glasses) with his back turned suddenly gets a snowball to the back of the head, knocking him face first into the ground._ **

"HEY!" Bonnie suddenly shouted (which was the only language she knew) "He looks like Clemont!" it was true. brush Clemont's wild hair down, add some huge glasses, and shove him in a snow-coat, and you had Monty!

**MONTY Ow! **

**PIPPA _(brainy, pigtails, pink hat) steps forward and - BOOF! A magical snowball from Jack hits her, knocking her back. Pippa's face changes - a mischievous sparkle._ **

PIPPA Jamie Bennett! No fair!

** JAMIE (LAUGHS) You struck first! **

"No way" Jack said, his hood down once again, and a sparkle in his

eyes "I totally hit you first, from across the street!" he emphasized the 'across the street' part, so it sounded more like 'I totally hit you first, from _across the** street**_!'

CLAUDE Oh! Suddenly we see Caleb struck in the side of the head with one of Jack's snowballs; Claude can't help but laugh.

** JACK Free for all! **

Suddenly, many people in the room found snow all over them, and they began to toss snow at each-other, but after a loud "EMO!" the sun suddenly glowed in the room, and the snow melted away

"Good job Sun!" Sky congratulated her Emolga "Nice Sunny Day" then, she snapped her fingers, and the darkness returned, as did the movie

**_And just like that we find ourselves in a take-no-prisoners snowball fight, the kids pummeling each other mercilessly._
**

**JACK Alright, who needs ammo? **

**_Jack supplies the kids with more snowballs. The kids are loving this._ **

**JACK (WALLA) Look at that. **

**The mayhem continues as Jamie, using his sled as a shield, is knocked backward into a snowman, crushing it underneath him. A snowball flies overhead and hits ****CUPCAKE**_**, a tough third grader as wide as she is tall, in the back of the head. Dread sets in amongst the other kids, Cupcake squints - gunslinger eyes.**_

some of the kids were so startled, they began to back away, before they remembered this was only on the screen

**CUPCAKE Grrrrrrrrrrr... **

**PIPPA Crud, I hit Cupcake. **

**MONTY She hit Cupcake. **

**CLAUDE You hit Cupcake? **

**Jamie is flat on his back, terrified. He looks up to see Cupcake standing over him. Then,**** BOOF**_**! Jack hits Cupcake with a magical snowball. The kids gasp in horror.**_

"OH" almost everyone winced. that snowball had been right in the face!

** CLAUDE Oh! **

**CALEB Did you throw that? **

MONTY No.

** PIPPA Wasn't me.**

**_ A moment, and then Cupcake starts laughing as Jack's magic takes hold. Cupcake chases the kids down the hill, holding the head of her snowman in her hands. Jack, all the while, runs along side taking pleasure in the excitement._ **

"Don't get hit by that one!" Jack laughed, then he remembered what was coming next, and he got even more excited

**JAMIE (WALLA) Hey, come on. Stop! **

**CLAUDE (WALLA) You can't catch me.
>

**JACK Ooh, little slippery! **

**_Jack jumps ahead, blasting a sheet of ice behind him. The kids fall to the ground, except for Jamie, who lands on his sled, and slides head first down the sheet of ice into town._ **

"you did that?" Jaime asked

Jack nodded "I did!"

**JAMIE Whooaaooah! **

** KIDS (WALLA) Whoaaa. Jamie, watch out! Stop! **

JAMIE (WALLA) Aha, whoa!

** KIDS (WALLA) Jamie! Turn, turn! That's the street! What are you doing? Stop! There's traffic! **

**_Jamie suddenly shoots out between the trees and careens past a set of parked cars. Jack's path of ice covers the street. As Jamie turns, his speed only escalates, sending him directly into traffic. Jamie barely misses a moving truck, spinning it out of control, sending furniture out the back, and causing a four car pile up._ **

Tooth gasped, and hid her face behind her hands.

**JAMIE Whoa! **

**JACK Whoa, don't worry kid, I gotcha. **

**Jamie looks back, then quickly ahead as terror comes into his eyes. Jack can't help but smile.**

** JACK Hold on. It's gonna be alright.**

** JAMIE Ahhhh. No, no, no, no... **

**JACK Keep up with me kid! Take a left. **

**_Jamie rockets through a pedestrian intersection, narrowly missing those in the crosswalk._ **

"Hey Jack" Sky said "Any chance you could take me on a ride like that? I think it would be so noble!"

Jack grinned and said "sure!" then he frowned "What does 'noble'

mean?"

Sky just laughed in response

**DOG WALKER (O.S.) Hey, slow down! **

**JAMIE Whoa, no, no, no, no... **

**_Jack flies over to the far side of the street, sending the streak of ice and Jamie up onto the sidewalk._ **

**JACK Yeah! **

**PEDESTRIAN #1 (O.S.) Is that Jamie Bennett? **

"No" Sky said sarcasticly "It's Danny Phantom" she rolled her eyes "Of course it's Jaime Bennet!" she went into a mumbling rant, so it was hard to hear what she was saying, but you could tell she was ranting.

**JAMIE Whoa, whoa, whoa, whoa... **

**PEDESTRIAN #2 (O.S.) Hey! Watch it! **

**JACK There you go! **

**JAMIE No! No! **

PEDESTRIAN #3 (O.S.) Look at that dude!

**_Jamie flies off the sidewalk and back into the middle of the street, almost knocking over a postman. As Jack flies by Jamie's side he sees the look of excitement come into Jamie's face. Jack smiles, knowing he's responsible. Jack sees an oncoming snowplow and quickly jumps ahead, carried by the wind, to divert the ice trail._
**

**JACK Whoa. **

**_Jamie's sled suddenly turns, narrowly missing the oncoming truck and barrels toward Jack's newly formed ice ramp..._ **

JAMIE AAAAHHHHHHHH!

** Jamie closes his eyes as the ramp launches Jamie over the street, high into the air, and toward the statue of Thaddeus Burgess, colonial settler - 1680. Jamie's friends stand in awe, mouths wide open, as he sails through the air. Jamie opens his eyes and the look of fear suddenly turns to joy. Jack looks on smiling. Jamie lands safely in a large mound of snow. Jack jumps onto the Statue of Thaddeus Burgess.**

"OH" everyone but Jack winced this time, even the creatures at Sky's side seemed to wince, and Tooth flew over and began hovering over Jaime "Are you alright? Any broken bones?"

"I'm fine!" Jaime laughed, revealing his missing tooth to the fairy, who gasped, fluttered her tail feathers, and began forcing his mouth open

"Tooth" North said, rolling his eyes like this was common for her "Fingers out of mouth"

Tooth froze "Sorry" she whispered to Jaime and she flew back to her seat, blushing

** PIPPA (O.S.) Oh my gosh! **

JACK Yeah!

**_Jamie's friends all come running to Jamie's aide, scared. But Jamie gets up._ **

KIDS (WALLA) Wow, that looks serious! Jamie! Jamie, are you alright? Is he okay? J

**AMIE Whoaaa! Did you guys see that? It was amazing! I slid - I did a jump and I slid under a car -ERF! **

**_A sofa from the moving van suddenly knocks Jamie down..._ **

JACK Whoops.

** KIDS (CRINGING) Ooooh! **

Everyone, including Jack this time winced along with the kids, and Jack muttered "Oops?"

**_There's a moment of silence as the kids wait to see if Jamie is okay. Then, Jamie rises up from behind the sofa grinning, a new gap in his smile. He holds up a tooth._ **

**JAMIE Cool! A Tooth! **

**KIDS (WALLA) Dude, that means cash! Tooth Fairy cash! I love the Tooth Fairy! **

**JACK (his fun cut short) Oh, no... **

"wait, why isn't he excited?" Emma asked, turning towards Sky, who just shook her head, small tears forming in her eyes

KIDS (WALLA) That's totally awesome. You lucky bug! Lucky!

** JACK No! **

**JAMIE I gotta put this under my pillow! **

**KIDS (WALLA) I wish I lost my tooth. **

**JACK Ah, wait a minute! Come on, hold on, hold on! What about all that fun we just had? That wasn't the Tooth Fairy, that was me! **

"He's trying to be seen" Tooth said sadly, to answer Emma's question

**KIDS (WALLA) I lost two teeth in one day once - remember that?! What are you gonna spend your money on? What are you gonna buy? How

much do you think she's going to leave?**

**_ As Jack looks down from the statue his frustration grows. Storm clouds overhead rumble and darken. Flurries of snow begin to intensify._ **

Bunny's ears twitched as he remembered the blizzard of '68 on Easter Sunday. had that been caused because of Jack's feelings? he glanced over at the snow-spirit, a small feeling of respect beginning to form.

**KIDS (WALLA) Let's go...I'm cooold! My ears are freezing. I can't feel my toes. Ah, it's hot cocoa time. **

**_Jack jumps down from the statue, trying to engage the kids. But it's too late, the kids take off. Jack blocks Jamie's way as the boy comes running at him_. **

**JACK What's a guy gotta do to get a little attention around here! WHOOOSH! **

**_Jamie runs through Jack, as if he where a ghost. Jack is left momentarily shaken, then..._ **

Jaime looked down "I'm really sorry Jack, I didn't know"

"It's alright kid" Jack said sadly "I'm kinda used to it...300 years of being invisible does that to ya" Mrs. Overland blinked away tears. she was beginning to see this boy as her own son, and it was heartbreaking that he had been on his own for 300 years.

**CUPCAKE (walla; mocking her FRIENDS) "Oh, I'm cold, I'm cold, I'm co- old." **

**KIDS (O.S.) (WALLA) Somebody take a picture. Hey, stop! That was really awesome. **

**_They're gone. Jack is alone again. His temper subsides. He whips up a little wind and disappears._ **

**SEQ. 700 - NIGHT FALLS IN TOWN INT. JAMIE'S BEDROOM - NIGHT **

**_Jamie plays with a_ TOY ROBOT_ as_ DRAWINGS AND CHARTS _of mystery creatures hang on the wall behind him: UFO's, aliens, Bigfoot, you name it. There's even a drawing of Jamie flying in midair on his sled._ **

"Impressive collection" Asher commented, and several other kids nodded in agreement

**JAMIE (O.S.) ...I did this jump and it was amazing and I slide under a car and it was awesome! Then I was flying down this hill and I was like whoosh, whoosh, whoosh through all these cars, and then the sled hit this, this thing, and I was like way up in the air. **

**_He mimes flying in the air with his robot, then_ CRASHING_ to the bed as Sophie and their dog sit listening-_ **

"Man that's a big dog" Sky said, then glancing at Bunny from the corner of her eye "And it's a grey-hound too"

**JAMIE - and then BAM! The sofa hit me, and, and see? (opens mouth, tries to say `my tooth came out!) Ah hoo hay ow! **

**_We reveal_ JAMIE'S MOM _in the room. Sophie_ LAUGHS _and tries to stick a finger in the gap in his gums._
>

**JAMIE'S MOM Alright you, tooth under your pillow? **

**_Jamie sets the_ TOY ROBOT _on his nightstand, then grabs a stuffed rabbit next to his pillow to reveal a_ CAMERA AND FLASHLIGHT. **

Sky suddenly hit pause, and began to study the robot intesly

"Um...Is there something wrong?" Jaime asked

Sky shrugged "Just making sure you aren't sleeping next to a Decepticon or an evil Mini-Con"

Jaime stared blankly, but Sky made no move to answer, then, after a few more moments, she sat back down and hit play

**JAMIE Yeah. I'm ready. **

**JAMIE'S MOM Now don't stay up trying to see her, Jamie, or she won't come. **

**JAMIE But I can do it this time! You wanna help me, Soph? We can hide and see the Tooth Fairy! **

**SOPHIE (CRAZED) Hide, hide, hide, hide! **

"Don't give her too much sugar" Jack advised "I watched one time when she ate so much, she was awake for almost three days straight" those involved shuddered, remembering the days of Sophie's Sugar Rush.

**_Jamie's Mom picks Sophie up off the bed and lifts her over her shoulder. Their dog gets up and begins licking Jamie's face._
**

**JAMIE'S MOM Uh uh, straight to bed now, mister. **

JAMIE Mom... ...

**We see Jack Frost, outside, hanging upsidedown watching them through the window. A pang. The glass frosts over.**

Small tears were falling from several eyes. Mrs. Bennet, Mrs. Overland, and Emma. all were sad because this poor boy just wanted a family, but could never have one.

** EXT. ROOF OF JAMIE'S HOUSE - CONTINUOUS **

** JACK If there's something I'm doing wrong, can you, can you just tell me what it is? (NO RESPONSE) Because I've tried everything, and

no one ever sees me. (NO RESPONSE) You put me here, the least you can do is tell me, tell me why. **

"Jack" North said softly "Manny has his reasons, he does not tell, because he does not know how" he told the white-haired teen who just turned away from the man.

**_A beat._ **

**_The Moon shines silently down. Jack turns away in frustration. Jack leaps off the roof, onto a telephone pole, and begins walking across some telephone wires. A stream of Dreamsand suddenly zips by behind him, then another, which swoops around in front of him. Jack turns and looks up, a smile now on his lips._ **

"Pretty!" Sophie said, clapping, and the Sandman made a little hat, and tipped at her, causing her to giggle.

**JACK Right on time, Sandman. **

**The Dreamsand descends from the sky, and drifts into windows around the town. Jack runs along the telephone wire until he can reach out and intercept one of the passing streams. An adjacent stream takes the shape of a dolphin which turns toward Jack, before continuing on its way to a waiting child. Then, we follow one of the streams into a window...**

Jack realized suddenly that this was right around when he had been taken to this place, so everything else was in the future, he leaned forward, unable to wait to see what would happen next.

><p>THIS TOOK FOREVER TO WRITE!

But this chapter is finally done, so it was worth it. I hope it was worth the wait guys.

The next one will most likely not be as long, because this one chapter, is longer than the previous one I did, and that one was longer than all of my 'When Darkness Rules' chapters.

Speaking of that, I will be updating that one soon as well as the next chapter of Story of Sky. please check them both out!

Skystar901 out.

8. Chapter 8

Ok guys, here's the next chapter, but it isn't gonna be as long as the last chapter which was 4,126 words!

I've been debating what to do for the next one (yes already even though this is far from done)

**I've been given many suggestions from the previous one(Mulan), which include Big Hero 6, The Little Mermaid, and several others. Then, I had an idea, so I want to know what you guys think about

Peter Pan (disney movie) characters watch Jake and the Neverland Pirates: Peter Pan Returns (Jake and the Neverland Pirates special featuring Peter Pan), or one of the other Jake and the Neverland Pirates specials.**

So, go ahead and give me some ideas, and I'll narrow it down so you guys can start telling me who you want to see watch their fate!

><p>INT. CUPCAKE'S BEDROOM - BURGESS - CONTINUOUS

Dreamsand floats into a window, where CUPCAKE_ is in bed, hugging a stuffed unicorn in her sleep. The Dreamsand swirls over her head, and morphs into a little girl riding a unicorn. The girl smiles at the lovely dream as it flies around the room. Then the room darkens as a wispy, shadowy figure with a familiar laugh crawls out from under the bed, and rises up. It's Pitch. He notices Cupcake's dream._

Mrs. Bennet gasped "That's the same laugh from before"

The Guardians tensed as they saw their oldest (and pretty much only) rival. Pitch Black, the Nightmare King.

Jack narrowed his eyes. He didn't know who this guy was, but he already hated him.

PITCH Ohhhh, I thought I heard the clippity-clop of a unicorn. What an adorable dream!

**His face softens, seemingly moved...**

"Ya right" Bunny growled "Tha's a sack o' lies right there. he ain't changed a bit, and don't tell me he's changed now!"

Sandy was right about to smack Bunny, but then he realized that Bunny had been talking about Pitch, not the dream, so the Sand-man calmed down.

PITCH (leans down to Cupcake) And look. At. Her. Precious child. So sweet, so full of hope and wonder. Why, there's only one thing missing...a touch of fear.

May reached for her bag and stood up, ready to smack the screen with it, before her totally embarrassed brother pulled her down.

**Pitch reaches into Cupcake's dream, and touches a bony finger to the unicorn. It turns ashen and black, and disintegrates. Cupcake flinches in her sleep. Pitch snickers, delighted.**

PITCH Hahaha! That never gets old!

Pitch swirls the Dreamsand around and it all turns into black corrupted Nightmare sand.

Jack glared around the room with a look that said 'get out here so I can freeze your butt to the arctic' but Pitch wasn't there, so all he accomplished was scaring several people half to death, including the

Guardians (even Bunny, though he refused to admit it)

PITCH Feel your fear. Come on. Come on, that's right.

The black sand morphs into a horrific, shadowy bucking horse - a NIGHTMARE.

Mrs. Overland shuddered, and turned away, until she felt an icy cold hand rest on her shoulder. she turned back, to see the white-haired boy hovering in front of her

"It's alright Ma'am" he said, smiling slightly

she stared up at this boy who reminded her ever so much of her dead son she fought back tears for a minute, before she grabbed the boy in a bone-crushing hug, and squeezed him tightly, rocking slightly as she let her tears fall into his white hair, where they froze on contact into small white drops of ice

after a few moments of this, Mrs. Overland released him, and he flew back over to his own chair. Mrs. Overland relaxed back into her own chair, when, she felt something on her lap. she looked down, and saw a rose resting there, made of pure ice, she realized that her tears were resting on the petals, like small frozen dew-drops. she placed a hand over her heart, and mouthed 'thank you' to the boy, who was smiling at her.

When Mrs. Overland turned back to the screen, she felt as though a large weight had been released from her chest.

PITCH Yesss. What a pretty little Nightmare.

**Gleefully, he grabs the Nightmare's mane -**

PITCH Now, I want you to go tell the others the wait is over.

-_ and sends it out the window, where it joins a posse of other Nightmares coursing through the streets. They take off and fly into the night sky._

**EXT. BURGESS - NIGHT **

Pitch steps out into the street from an adjacent alley, avoiding the rays of moonlight. He looks up to the sky and stares at the MOON.

PITCH Don't look at me like that, old friend. You must have known this day would come. My Nightmares are finally ready. Are your Guardians?

"You bet yer nightmares we are!" Bunny shouted at the screen, and the other Guardians nodded in agreement.

**EXT. BURGESS - NIGHT **

**Jack walks along a telephone wire as the Dreamsand disappears from the sky. Suddenly a shadowy figure and an unfamiliar noise zips by behind him.**

Jack tensed. were the nightmares after him? what for, he wasn't a Guardian...well, at least not yet, not officially, since the Man in the Moon, who had ignored Jack for 300 years had suddenly decided to say that Jack was a Guardian...

JACK Whoa!

**In the background, residents get ready for the night.**

RESIDENTS (O.S.) (WALLA) Did you leave the windows open again? The garage door is wide open.

**Jack leaps over a house to an adjacent tree to investigate and again, something zooms behind him. Jack jumps down from the tree and onto a truck in a nearby alley.**

Emma brushed her bangs out of her eyes "Did you see that?" she asked "That thing looks like him" she pointed back at Bunny

**EXT. STREETS OF BURGESS - NIGHT - CONTINUOUS **

**Suddenly: ****WHOOSH!**_** The **_**SHADOW**_** flashes by, knocking over a trash can. Jack jumps down from the truck and backs up out of the alleyway into a clearing...**_

**BUNNYMUND (O.S.) Hello, mate. **

**Jack turns around, ready to strike. He squints, as into the light steps...**

Jack grinned "Oh, it's just the Easter Kangaroo"

Emma stared up at him "What's a 'kangaroo?'" she asked

BUNNYMUND Been a long time. Blizzard of 68, I believe? Easter Sunday, wasn't it?

**Jack is completely bewildered -**

Jack winced, and turned back towards Bunny "You're not still mad about that...are yah?"

Bunny growled "yes"

JACK Bunny? You're not still mad about that...are yah?

BUNNYMUND Yes.

Jaime giggled "Deja Vu!"

Pippa nodded "Majorly!" she said, laughing.

**Bunny whips out his boomerang and casually looks at it as he holds it in his hands.**

BUNNYMUND (CONT'D) But this is about something else. (BEAT) Fellas...

**Before Jack realizes what's happening a ****HUGE HAND**_** reaches into frame and lifts him off his feet.**_

North, who was stroking his beard suddenly realized what was going on "Ve vent vith Sack Plan!" he crowed "I knew my idea vas best!"

Jack whipped around to face Santa "What do you mean Sack Plan?"

North just rubbed his large hands together, a twinkle in his eyes.

JACK Hey!

YETI Durbha wahla.

**Jack has been snatched up by two huge YETIS.**

JACK Put me down! What the...

**Jack is shoved head first into a sack. A yeti whips out a snow globe, and smashes it on the ground.**

Jack growled and muttered "Oh yes, I just LOVE being thrown in a sack and tossed through a magic portal" fortunately North couldn't hear him.

YETI Durtal bardla burdlew.

A MAGIC PORTAL _opens in front of them. The yetis make way for Bunny to leap in, but he demurs -_

YETI Dwbard urghwetee.

BUNNYMUND Me? (LAUGHS) Not on your nelly. See you back at the pole.

"Chicken" Jack laughed, Bunny just growled at the white-haired teen, at a loss for any insults other than 'Icicle, Frostbite, or Bloody Show-Pony' none of which could be used.

_He_ STAMPS HIS FOOT_ twice on the ground which_ SWIRLS OPEN _- a_ RABBIT HOLE _magically appears. Bunny leaps into it and disappears along with the rabbit hole. In its place, from out of the ground grows a small green plant._

**YETIS Bwardla arghl. **

**The yetis throw Jack through the magic portal.**

JACK Ahhhhhhhhh!

**The yetis then charge in after and disappear into the portal.**

Jack hid his head with his hands "great" he muttered "just great" he shook his hands.

><p>Alright, that's the chapter.

Remember, I want ideas for the next Changing Fate, and I want your opinion on Peter Pan characters watching Jake and the Neverland Pirates: Peter Pan Returns

9. Chapter 9

Here we go, the Failed Guardian Ceremony, and one of my favorite scenes in this movie (other than the memory scenes)

Also, if anyone pays attention to the A/N's then please review what you would think of Peter Pan (disney movie) characters watching Jake and the Neverland Pirates: Peter Pan Returns (JatNLP special) or the Battle for the Book special, which also features Tinkerbell and the Darling Family

Here's the chapter!

**SEQ. 900 - JACK MEETS GUARDIANS INT. NORTH'S LIBRARY - DAY
**

**TOOTH (O.S.) (to a fairy) Tangiers! Incivie du haut, 421 rue de Barat! Allez! **

North looked at Tooth with a tint of confusion and laughter in his eyes "Tooth, you must stop telling ze little vones vhere they are to go, and enjoy time, ya?"

Tooth blushed and said "I haven't been out in the field in four hundred and forty years...give or take" she added the last part after North stared at her with a semi-horrified expression

**_The sack flies out of the portal and lands on the floor. In the darkness, Jack hears -_ **

**NORTH (O.S.) He's here. **

_**Jack struggles out of the sack to see two elves staring at him.
**_

TOOTH (to another fairy) Walla Walla, Washington. We've got a trampoline mishap at 1340 Ginger Lane.

** NORTH Quiet.**

** He then looks up to see North and Sandman looking down at him. The Tooth Fairy is surrounded by a dozen hovering tiny fairies who come and go as she blurts out orders.**

** T0OTH (CONT'D) Canine, lateral and central incisor. Ouch!
**

**_North clears his throat. They all turn to a bewildered Jack._
**

**NORTH Hey, there he is! Jack Frost! **

Jack (hood still up) buried his face in his hands "You've got to be

kidding me" he muttered

**_As North holds out his arms to welcome Jack, a Dreamsand snowflake appears above Sandy's head._ **

**JACK Wow, you gotta be kidding me. **

**_Two Yetis suddenly grab Jack by the shoulders and lift him up onto his feet._ **

"Leave him alone!"

Jack turned to stare at the girl sitting by him. had she really just stood up for him, someone who she barely knew, and seemed to be scared of, since she hardly ever talked to him, just giggled a bit whenever he did something crazy or funny

Mrs. Overland was also stunned her daughter, who had barely spoken since the accident, had just shouted at the Guardians of Child-hood! (well, the assistants of one of them anyway) she smiled, and looked down at the ice rose Jack had made for her, and thought _Maybe this is just what she needed, to get around other people more. But I still see no reason why we are here._

**JACK Hey, hey. Whoa, put me down. **

NORTH I hope the yetis treated you well?

** JACK Oh, yeah. I love being shoved in a sack and tossed through a magic portal.**

** NORTH Oh, good! That was my idea! You know Bunny, obviously. **

Sky turned to North "You clearly have no understanding of Sarcasm do you?"

North shrugged and said "I do not get out much, and ze Yetis, they never joke"

Sky gave him a 'poor thing' look, then turned back to the screen.

JACK Obviously.

** Bunny stands off to the side, grumbling with his arms crossed. Jack suddenly notices the ****MINI TOOTH FAIRIES**_** hovering near him, staring and twittering.**_

** NORTH And the Tooth Fairy? **

**_Before Jack can answer, she's gliding toward him._ **

**TOOTH Hello, Jack. I've heard a lot about you. And your teeth. **

**JACK My, my what? **

"His what?" came from many people, except Jack, the Guardians, and Sky

Tooth blushed some more

**TOOTH (moves in way too close) Open up! Are they really as white as they say? Yes! **

** TOOTH (CONT'D) Oh, they really do sparkle like freshly fallen snow. **

**_Several swooning Mini Teeth flutter around a confused Jack, batting their lashes and screaming like crazed Beatles fans. Tooth collects herself, and..._ **

TOOTH Girls, pull yourselves together... Let's not disgrace the uniform.

"What uniform?" Jaime asked

"It's just an expression" Maximus said with an air of superiority

** NORTH And Sandman.(sees Sandy is snoozing) Sandy! Sandy! Wake up!**

**_ Sandy bolts up awake and steps up to Jack, smiling._ **

**JACK Hey! Ho! Anyone wanna tell me why I'm here? **

**_The WISP OF _DREAMSAND_ above Sandy's head morphs into a _BARRAGE OF IMAGES. **

**JACK That's not really helping. But thanks, little man. **

Sandy looked down, but Sky said "Don't worry Sandy, I think you were just going a little fast for him to understand"

Sandy thought about this, and made a thumbs-up gesture with Dreamsand

**JACK (TO OTHERS) I musta done something really bad to get you four together. **

**Jack walks away from the group, frosting an elf with a tray of cookies as it marches past, then turns around.**

** JACK Am I on the naughty list? **

North snorted and said "On naughty list? You hold record"

Jack smiled, but quickly covered it up with "I just like to prank!"

**NORTH (CHUCKLES) On naughty list? You hold record! But no matter. We overlook. Now we are wiping clean the slate. **

**JACK How come? **

BUNNYMUND (more to North) Ah, good question.

** NORTH How come? I tell you how come! Because now...you are Guardian! **

Jack glowered at the screen if THIS was his future, he wanted no part of it.

**_Off Jack's confusion, yetis light _CEREMONIAL TORCHES_ with a _WHOOSH_. Elves leap from columns, unfurling homemade, celebratory _BANNERS_ as they descend. Jack brushes off a few baby teeth who try to present him with a necklace made of paper snowflakes._ **

JACK What are you doing! Get, get that offa me!

** Jack's voice is drowned out by the sounds of horns and drums**

Mrs. Overland shook her head, how could these people not realize that this boy didn't want to be there.

**. NORTH This is the best part! **

**AN ELF MARCHING _BAND strikes up, marching into the room. Two yetis move Jack on to a designated spot on the floor. Jack looks down to find an elf pointing at his bare feet. The elf then directs his attention to two approaching elves, carrying a pair of ceremonial boots. Jack's confusion escalates._ **

"NO!" Jack shouted "I don't care what you do to me, but I will NEVER, EVER put those things on!" his hood flew off as he jumped up, hovering a few feet off the ground

Emma laughed, remembering how her brother had used to only wear shoes if he had been forced to. In fact, the more she watched this...movie, the more she realized that this white haired boy was like her deceased brother!

JACK Huh?

**_ A Yeti hands North an old large book. North blows off the dust, opens it, and begins clearing his throat. Jack clenches his jaw as he scans the room: The Mini Teeth continue to fawn, Sandy's smiling, Bunny's apathetic, and North looks on with pride. Jack suddenly _SLAMS_ his staff down, sending a blast of_ FROST_ and _WIND_ across the room. The torches go out and everything stops._ **

The real Jack looks like he wants to do the same thing, but he manages to stop himself, and settled for "What makes you think I want to be a Guardian?"

**JACK What makes you think I want to be a Guardian? **

**_North bursts out in laughter holding the book in his hands then stops and looks to Jack, stone faced._ **

**NORTH Of course you do! (to the elves) Music! **

Mrs. Overland couldn't take it any more "Are you blind?" she shouted standing up, holding the rose so that it wouldn't break "How can you not see that he doesn't want to be there?"

Jack flew over to her, and rested his hand on her shoulder, looking her in the eye "Ma'am, It's alright, I don't want you to get in

trouble, besides" he threw a cocky grin over at the Guardians "I think I can handle anything the Kangaroo can do to me"

Luckily for Jack, Bunny was too focused on the screen to hear him.

**The elves blare the trumpets again. Celebration!**

** JACK No music!**

**_ The music peters out again. An elf throws his trumpet to the ground and storms off. North, displeased, glowers._ **

JACK Look, this is all very flattering, but ah...you don't want me. You're all hard work and deadlines, and I'm snowballs and fun times. I'm not a Guardian.

** BUNNYMUND Yeah, that's exactly what I said! **

**TOOTH Jack...I don't think you understand what it is we do. **

**_Tooth swoops in and turns Jack's attention to the massive globe behind him._ **

**TOOTH Each of those lights is a child. **

"I think there are more children than that in the world " Jack snorted

North rolled his eyes, and opened his mouth to say something, but stopped and just shook his head

**Jack looks up at the Globe, taking in the enormity of this. North suddenly moves to Jack's side.**

** NORTH A child who believes. And good or bad, naughty or nice, we protect them. (BEAT) Tooth...fingers out of mouth. **

**We cut back to discover that Tooth is examining Jack's teeth.**

** TOOTH (REMOVES FINGERS) Oh, sorry. They're beautiful. **

**Jack moves away from the Globe and back toward the center of the room. **

**NORTH Okay, no more wishy-washy! Pitch is out there doing who knows what! **

JACK (SCOFFS) You mean the Boogeyman?

"I take that back" Jack said "Now that I've seen him, I totally understand why you guys hate him"

NORTH Yes! When Pitch threatens us, he threatens them as well.

**_North points to the lights on the globe._ **

JACK All the more reason to pick someone more qualified!

** NORTH Pick? You think we pick? No, you were chosen like we were all chosen. By Man in Moon.**

**_ Jack turns and looks to the group._ **

**JACK (stares, dumbstruck) What? **

TOOTH Last night, Jack. He chose you.

** BUNNYMUND Maybe. **

**JACK The Man in the Moon, he talks to you? **

"300 years" Jack muttered "And this is his answer?"

**_Jack looks up to the skylight, taking in the awesome sight of the moon as it shines down on Earth._ **

**NORTH You see, you can not say no. It is destiny. **

**_Jack is still confused by the news. What does it mean?_ **

**JACK But why, why wouldn't he tell me that himself? (EXASPERATED EXHALE) After 300 years this is his answer? To spend eternity like you guys cooped up in some, some hideout thinking of, of new ways to bribe kids? No no, that's not for me. No offense. **

Jaime let out a small laugh, but quickly clasped a hand over his mouth, and Sky grinned at him

**Jack turns to leave, the Guardians are stunned.**

"How is that not offensive?" Bunny asked

** BUNNYMUND How is that not offensive?**

**_ Except for Bunny, who is relieved by this turn and looks to the others._ **

** BUNNYMUND You know what I think? I think we just dodged a bullet. I mean, what's this clown know about bringing joy to children anyway?**

**_ Jack turns back. A little pissed._ **

Jack's mouth was open in shock, and he stared at the screen "You ever hear of a Snow Day?" he asked, but Emma was the only one close enough to hear him

**JACK Uhh, you ever hear of a snow day? I know it's no hard-boiled egg, but kids like what I do. **

**BUNNYMUND But none of 'em believe in you. (leans in to him) Do they? You see, you're invisible, mate. It's like you don't even exist. **

TOOTH Bunny! Enough!

**_ Silence. Jack tries not to look stung by this._ **

**JACK No, the kangaroo's right. **

"The...the what! What'd you call me? I am not a kangaroo mate!"

Jack looked stunned"Oh...really? and this whole time I thought you were. If you're not a kangaroo" Jack was hovering over Bunny at this point
>"What are you?"<p>

"I'm a bunny" Bunny said angrilly "The Easter Bunny." then, he said the worst thing possible "People believe in me"

Jack tried to keep the stung look out of his eyes, and sadly floated back to his seat, and flipped his hood back up

BUNNYMUND (GLARES) The, the what - what'd you call me? I am not a kangaroo, mate.

** JACK Oh. And this whole time I thought you were. If you're not a kangaroo, what are you? **

**BUNNYMUND I'm a bunny. The Easter Bunny. People believe in me. **

**_Sandy nudges North, who acknowledges the tension in the air._ **

NORTH (TO JACK) Jack. Walk with me.

><p>Well, what do you guys think?

10. Chapter 10

Hey guys! Sorry this took so long, but things have been hectic here, a birthday, then thanksgiving, and then working on my Link series over on Deviantart, and then focusing my attention on Chicken Smoothie but here is the next chapter!

* * *

><p>SEQ. 1000 - NORTH'S WORKSHOP INT. TOY FACTORY - NORTH POLE - DAY

**_Jack and North ride an elevator, bearing the resemblance of a Christmas ornament, down to the factory floor._ **

Sophie clapped and giggled "Pretty!" she said excitedly, while North smiled slightly, and rubbed his beard in thought, he had not planned this far ahead, and he wanted to make extra sure that he paid attention to how he dealt with Jack

**JACK It's nothing personal, North. What you all do, it's just, it's not my thing. **

**NORTH Man in Moon says it is your thing. We will see! **

**_North storms through factory floor, Jack trying to keep up. An amazing place._ **

JACK Slow down, wouldja? I've been trying to bust in here for years, I want a good look.

North sat forward "Vhat are you talking about Jack?" he asked, slightly miffed "Bust in?"

Jack slumped down in his seat "I may or may not have tried to sneak in every now and then" he muttered, his cheeks blushing a sort of blueish color, Emma giggled, but quickly stopped before Jack could hear her

Jack sat up slightly, and added "But don't worry, I never got past the Yetis"

**NORTH (peeved - still rushing) What do you mean, "bust in?" **

**JACK Oh, don't worry, I never got past the yetis. **

**_Jack looks over his shoulder; an angry yeti pounds his fist into his palm._ **

"Hey, look!" Jack said "It's Phil!"

North shook his head, and rubbed the space between his eyes

**YETI Rwwarrrrrr. **

**JACK Oh, hey Phil. **

**NORTH Keep up, Jack! Keep up! **

**_North charges ahead. North's factory is bustling with activity: Yeti's are building toys, moving packages, while Elves are test piloting the various flying toys. As Jack walks behind North, surveying the factory, a duck toy suddenly flies over Jack's head. Jack ducks just in time and continues after North._ **

All the children (Sky included) ooed and ahed as they looked at all the toys being made by...wait...Yeties?

"I thought the Elves made the toys?" someone asked (it was unclear who)

North groaned and muttered "It would be a disaster if I let them make the toys"

**JACK Whoa! (BEAT) I always thought the elves made the toys. **

**NORTH (WHISPERS) We just let them believe that. **

_Jack looks over to see a group of elves eating Christmas ornaments and another electrocuting himself with Christmas lights. _

Several people chuckled at this sight

**_North smiles and calls to them._ **

**NORTH Very nice! Keep up good work! **

**North continues through the factory floor. He passes a yeti putting the finishing touches on a blue toy robot.**

** NORTH (TO YETI) I don't like it. Paint it red. **

**The yeti reacts in dismay as we reveal hundreds of finished blue robots.**

"Poor Yeti" Misty muttered

** NORTH Step it up, everybody. **

**_As North and Jack move to the opposite end of the chamber, we finally glimpse the orchestrated chaos of the entire workshop, in all it's magic and splendor._ **

**INT. NORTH'S OFFICE - A MOMENT LATER **

**_Jack follows North into his office. There are shelves filled with toys. Sketches and prototypes everywhere. North dusts his hands and turns to Jack. His sleeves are rolled. Jack notices that on one of North's forearms is tattooed the word NAUGHTY, and on the other, NICE. North grabs a plate from a nearby elf._ **

NORTH Fruit cake?

Sky gagged "those things are nasty" she said to herself

** JACK Ah, no, thanks. **

**_North hurls it - crash! A pause as North looks at Jack._ **

**NORTH Now we get down to tacks of brass! **

**JACK (TO HIMSELF) Tacks of brass? **

**_As North cracks his knuckles, Jack stands silent. The wind suddenly slams North's office door behind them. Jack looks to the door, it locks itself, and he turns back. North moves in close to Jack, backing him up against the door._ **

Mrs. Overland practically growled at the screen _How dare he attack Jack like that_ she fumed

NORTH Who are you, Jack Frost? What is your center?

**_ North pokes Jack in the chest._ **

**JACK My center? **

NORTH If Man in Moon chose you to be a Guardian, you must have something very special inside.

**_ North stands up straight and begins to stroke his beard as he

gives Jack a curious look._ **

**NORTH Hmmmm? **

**_North is standing in front of a shelf of Russian nesting dolls. One is carved to look like North himself._ **

"What are those?" Maximus asked, hating not knowing what something was

Sky opened her mouth to answer, but North beat her to it "those are my nesting dolls" he told the boy

**NORTH (CONT'D) Here. This is how you see me, no? Very big, intimidating. But if you get to know me a little- (hands the doll to Jack) Well, go on. **

**_Jack gives North a curious look, then sets down his staff. He twists the doll in half, and inside is another carved North doll, this one is a more typical Santa Claus - red cheeked and cheery._ **

JACK You are downright jolly.

** NORTH Ah, but not just jolly...**

**the dolls get progressively smaller as he twists them open, all versions of North, but all slightly different.**

** NORTH (CONT'D) I am also mysterious. (twist - smaller doll) And fearless. (twist - smaller doll) And caring. And at my center... Twist. **

**_As North approaches, Jack looks down and drops the final Russian doll into the palm of North's hand. It's the size of a jelly bean._ **

"There's a little baby?" Emma asked, thoroughly confused

**JACK There's a tiny wooden baby? **

Emma giggled slightly that she had said the same thing as Jack

**NORTH Look closer. What do you see? Jack holds it up to examine it. **

**JACK You have big eyes? **

**NORTH Yes! Big eyes. Very big. Because they are full! Of wonder! That is my center. It is what I was born with. Eyes that have always seen the wonder in everything! **

**_North raises his hands, and the toys on the shelves suddenly spring to life. Jack-in-the-boxes pop, toy trains speed around the room, soldiers march about, toy planes fly overhead. An elf gets carried aloft by a balloon. A flying toy plane glides by and we follow it as it makes its way around the room. A Christmas tree is ablaze with bright lights. Two double doors suddenly open as the flying car enters the factory floor._ **

Many "whoa"'s sounded throughout the room

NORTH Eyes that see lights in the trees, and magic in the air!

**_ As it crosses the frame, dozens of other toys are now flying around the massive chamber. It's a truly magical moment. North now stands outside his office, with Jack at his side._ **

NORTH This wonder is what I put into the world, and what I protect in children.

**NORTH (CONT'D) It is what makes me a Guardian. It is my center. What is yours? **

JACK (BEAT) I don't know.

Poor child Mrs. Overland thought sadly, looking at the white haired teen, who was silently watching the screen

Emma looked sadly at her new friend, who had a sort of resigned look on his face, and she was determined to find a way to help him.

>

And thanks to everyone who reviewed

* * *

><p>Jack looks down into his open palm, the wooden baby stares back at him. **

Mrs. Overland gave a sad sigh

**_North closes Jack's hand. They exchange a look. Then, something suddenly jets past a window outside. Almost simultaneously, Bunny and Sandman come running down the hallway toward North and Jack._
**

"What was that?" Several kids said in unison

**BUNNYMUND We have a problem, mate! Trouble at the Tooth Palace.
**

Tooth gasped,_ her fairies!_

** A MOMENT LATER _North shoves open a set of double doors, followed

closely by Bunny, Sandy, and Jack. Several Yeti's rush by as they prepare the hangar for launch._ **

Bunny seemed to pale "Oh-no" he muttered. Sky glanced over at him and grinned "Oh, yes!" Jack frowned "What are you guys talking about?"

Sky's smile could rival the Joker's "You'll see"

**NORTH (O.S.) (TO YETIS) Boys, ship soon as impossible. **

**JACK North, North! I told you, I'm not going with you guys! There is no way I'm climbing into some rickety old... **

**_Suddenly: the_ SOUND of POUNDING HOOVES. BEASTLY SNORTING. SANTA'S INCREDIBLE SLEIGH c_omes into view. It's a huge, shiny, tricked out, jaw-dropping hot-rod of a sled._ **

**JACK ...sleigh. **

Everyone, excluding North, Sky, and others who had seen the Sleigh before (coughBunnycough) was silent, their mouths practically falling off in awe as they stared at the sleigh

**Jack is understandably gob-smacked, so much so that he almost gets knocked over by one of the reindeer.**

"Heey look!" Sky giggled, patting Star on the head "It's Sven's cousins!" most people couldn't hear what she had said, but those that did, gave her a look that clearly expressed that they were questioning her sanity

** JACK Whoa! **

** NORTH (TO REINDEER) Hey! Moi deti, moi deti. Quiet, quiet. **

**_The sleigh comes to a standstill as the Guardians prepare to climb inside. Several Yetis are still running around making last minute preparations._ **

**JACK Okay, one ride, but that's it. **

Jaime and Emma giggled Jack was so awesome! And also, now that they knew what the sleigh looked like, they would definitely be laying in wait for Santa the rest of their lives

**Jack jumps aboard. North smiles knowingly, and climbs inside. Sandy hops up into the back seat.**

** NORTH Everyone loves the sleigh.**

** North grabs the reigns, wrapping them around his arms. He turns to see Bunnymund standing there, frozen and unnerved.**

The off-screen Bunny was also frozen, muttering "Please let me take the tunnels" over and over again

** NORTH (CONT'D) Bunny, what are you waiting for?**

** BUNNYMUND I think my tunnels might be faster, mate. And um, and safer. **

**NORTH Ah, get in. (hoists Bunnymund up) Buckle up! **

**Bunny desperately looks around his seat.**

Bunny's ears flattened against his head, and he practically shouted "Where are the bloody seatbelts?"

Tooth glared at him "Bunny! Language, there are kids here!" she shouted, at the same time North laughed out "That is just expression!"

Bunny pales, and slunk down in his seat "I'm screwed, I'm so screwed"

** BUNNYMUND Whoa, whoa, whoa, where are the bloody seatbelts?!**

** NORTH (LAUGHS) That was just expression! **

Jack smirked, and glanced back at Bunny and North "Deja-vu much?"

**_North turns to one of the Yetis ._ **

**NORTH Are we ready? **

**T_he Yeti throws his hands up in a fit shaking his head no._ **

**NORTH Good! Let's go! Clear! (cracks the reigns) Hyah! **

If it was possible, Bunny sunk even lower in his seat, his eyes clenched shut and his claws gripping the chair like it was a life-line.

**_ The sleigh is off. Elves and yetis scatter out of its path. Sandy, Bunny, and Jack fly back into their seats. Bunny clutches the edge of his, terrified. Jack can't help but laugh._ **

**NORTH Out of the way! **

**The sleigh heads down a luge-like track. North and Jack are enjoying the ride.**

Jack threw up his hands and whooped "That's awesome! I so want one" and several other kids were nodding in agreement, Maximus already making writing on his arm (with a charcoal pen that came out of no-where) 'Santa Sleigh' on a piece of paper

** NORTH Hyah! **

**BUNNYMUND Ohhhhhh no! **

**North cracks the reigns, the sleigh plummets, an almost vertical drop. Sandy grins calmly. Jack loves this. Bunnymund - not so much. **

**BUNNYMUND (WALLA) Slow down, slow down! **

**_North pulls a lever, kicking the sleigh into overdrive. He looks back as the sleigh enters a corkscrew._ **

NORTH I hope you like the loopty loops!

Bunny gagged, and nearly threw up as he watched the sleigh bounce around on the ice

** BUNNYMUND (NAUSEOUS) I hope you like carrots. **

**NORTH Here we go! **

WIDE SHOT_** as the sleigh reaches the bottom of the ramp, and shoots upwards, launching them into bright blue sky.**_

** JACK** **WOOO-HOOOOOO!**

**_North, reins in hand, leans into the wind as the reindeer climb higher._ **

**NORTH Klasno! **

**_Jack, in his element, leaps up onto the rear of the sleigh to watch the North Pole fade into the distance._ **

Jack's smile was wide enough to cross the world it seemed, as he watched himself on the screen riding on the carrage

**JACK (LAUGHS) Whoa! **

**_Bunnymund peaks off the side of the sleigh, then leans back, and holds on for dear life._ **

JACK Hey, Bunny-

** Bunny turns to see Jack standing on the back edge of the sleigh.**

** JACK Check out this view- EEEYAAAAGGHGHH! **

Everyone but Jack and Sky screamed, Jack because he knew he could fly, and Sky because she had seen this all before

_Jack is _SWEPT OFF_ the sleigh and disappears! Bunny gasps in horror and looks over the side...only to see Jack lounging on the sleigh's skid._

Bunny turned to glare at Jack, and Jack grinned and said "Lighten up Kangaroo", playfully tossing a snowball towards the rabbit's seat

JACK Awww...you do care.

** BUNNYMUND Ah, rack off you bloody show pony!**

** Bunny glowers as Jack makes his way back into the sleigh.**

** NORTH Hold on everyone, I know a shortcut.**

** BUNNYMUND Oh strewth, I knew we should have taken the tunnels.**

Jaime frowned "What does strewth mean?" but he wasn't answered, as everyone was paying attention to the screen

** North holds a snow globe up to his face.**

** NORTH I say, Tooth Palace. **

**An image of the Tooth Palace appears inside the snowglobe. North throws the globe into the air and a giant vortex opens.**

Even though they had seen how the globes worked before, there were still some gasps of shock as the portal opened, and there were some kids leaning away from the screen in fear.

** NORTH Hyah! **

_ A surreal light surrounds the sleigh as it hits_ HYPERDRIVE _and gets sucked through the snow-globe portal with a_ WHOOSH.

><p>Ok, what do you think? Does this make up for not updating in a while?

Don't worry, I'm still working on Story of Sky, it's just a lower priority at the moment
